

Navistar Financial's New GAP Product Offers Financial Protection to Customers

SCHAUMBURG, Ill. (August 31, 2009) - Navistar Financial Corporation, an affiliate of Navistar International Corporation (NYSE: NAV), is now offering a new Guaranteed Asset Protection (GAP) product to provide financial protection and peace of mind to customers.

GAP protects customers who suffer a total loss of vehicle by waiving the difference between the amount owed on the vehicle and the proceeds paid by the customer's physical damage insurance provider.

"We're committed to providing the financing products and services that our customers need to operate their businesses, and GAP is especially valuable in today's marketplace, where used trucks are valued at relatively low amounts," said Trish Reed, vice president, business operations. "GAP coverage helps customers to lower their risk and gain peace of mind in knowing that they are protecting their vehicle investment."
